M+S   **STUDLESS**

New addition to Federal winter series, HIMALAYA ICEO symmetric non-directional studless winter tire is utilizing the latest innovations in the world of winter tire manufacturing. Compounding, construction, tread pattern concept and design everything is to ensure driving confidence and tire performance in severe winter condition. The new generation tread compound with silica, thanks to its supplementary ingredient-cellular rubber, provides efficient grip, maintains tires' elasticity in extremely low ambient temperatures and improve aquaplaning characteristics. With this new compound, ICEO deals effectively with unpredictable winter condition in Nordic, Japanese and Russian market.
